### Color, Texture and Shade Variations

Color, Texture and Shade variations are inherent in concrete products and actually enhance the paver's appearance. Sample boards and loose paver samples are representation. Color, Texture and Shade may vary from actual products shipped. Paverstone Inc. holds no liability for color variations in products delivered or sold. If thick and thin pavers are used, color match not be an exact match. New pavers will not match existing pavers. Efflorescence or its removal is not covered by Paverstone Inc. or Manufacturer. Efflorescence is a natural occurrence in concrete products and usually wears off over time. TRAVERTINE PAVERS, travertine is a natural stone, paver's size and height vary from piece to piece
